LIBRARY NEWS Staff and Service Highlights

LIBRARY REPRESENTED IN HOMECOMING WEEKEND EVENTS

Cardboard Canoe Race

Initiated by a team of six student Library assistants under the direction of **Jennifer Myers**, *Circulation Services Manager*, the **Centennial Schooner** was the first ever Library department entry into the Engineering Department's annual cardboard canoe race, held on Friday, October 7th.

The well-designed and built cardboard canoe, expertly piloted by three student Library assistants

completed the entire course, well outpacing most of the other departmental entries as well as a number of the entries from the Engineering students.

The canoe met an ignominious end in the demolition derby when most of the canoes of the engineering students set their sights on the Centennial Schooner. On a cold, blustery day on Cedar Lake, the Centennial Schooner did not "check out," but "renewed" the pride of the Centennial Library staff. Our thanks to **Erin Cahilly**, **Doug Conway**, **Jenny Eby**, **Elizabeth Hinks**, **Nathaniel Miller**, and **Dennis Nangle** for the time and effort committed to the design, construction, and piloting of the Centennial Schooner.

Homecoming Parade

On Saturday, October 8th, the *Centennial Cartwheelers* made their debut in the Homecoming parade. This highly skilled book cart drill team entertained those along the parade route with the precision routines led by Sergeant Major **Andi Mounts**, *Assistant Circulation Services Manager*. The team was supported by a cast of Library personnel and family members

who distributed candy along the route. A support vehicle trailing the drill team provided the music. This effort, conceived by **Greg Martin**, *CMC Librarian*, was several months in preparation, including drill team practices in the parking lot, costume design and sewing, book truck design and transformation into large “books,” and the efforts of the AV Services staff in providing the equipment for music and amplification. Nearly the entire Library staff had some part in the effort. Although the drill team was not eligible for a parade award, they were given a “shout out” from the Office of Campus Activities for their efforts.

PLASMA SCREEN TV ADDED TO INFORMATION COMMONS LOUNGE

Live information programming is now available in the Library with the addition of a 42 inch plasma screen television in the Information Commons Lounge on the upper level. This installation completes the recent upgrade of a number of areas in the Centennial Library with new casual furniture and lamps, providing more comfortable areas for students to interact, read, and study. The plasma screen is part of a continuing effort to provide information in relevant ways to our students. A dish satellite television system and an advanced computer control system were also installed, allowing the remote control of programming and sound. The system also allows for plasma screens to be added at other locations in the Library on both levels. Currently the screen is on after chapel each day until one-half hour before closing, and for most of the day on Saturday. The system is presently tuned in to Fox News, but will be switched to other channels

from time to time for special events.
