

Exercise and Sport Science

School of Health and Human Performance

Purpose Statement

The Department of Exercise and Sport Science seeks to:

1. Provide a program that will promote the physical, intellectual, and spiritual development of each individual through the medium of physical activity.
2. Develop an awareness of the Christian's stewardship responsibility with regard to the care and use of the body.
3. Provide experiences and instruction that will help develop Christ-like attitudes and actions in and through sports, games, self-testing activities, aquatics, and lifetime recreational pursuits.
4. Prepare students for careers in athletic training, exercise science, teaching physical education or health, sport management, coaching, recreation, health promotion, or other related fields.

Personal Requirements

Students planning to pursue a major within the Department of Exercise and Sport Science are best prepared in high school by taking a college preparatory curriculum. Students planning to pursue a multi-age physical education major should take as many physical education courses as possible. Those considering majors in athletic training or exercise science should take biology, chemistry, physics, and mathematics courses at least through Algebra II. Business courses such as accounting and economics are good preparation for students considering a major in sport management.

Department Requirements

Once students declare a major within the Department of Exercise and Sport Science, they are expected to maintain a high level of personal physical fitness. A semi-annual 1 1/2 mile run is used to evaluate the status of the student's fitness.

For information regarding specific program requirements, see page 97 for athletic training requirements and page 72 for the Department of Education admission and retention requirements.

Programs of Study

The Department of Exercise and Sport Science offers the following programs of study:

Majors

- Athletic Training (national certification)
- Exercise Science
- Multi-Age Physical Education (certification for teaching preK-12)
- Sport Management

Minors

- Coaching
- Health Promotion
- Multi-Age Health Education (certification for teaching preK-12)

Co-Curricular Opportunities

The Department of Exercise and Sport Science has several opportunities for students to increase their professional skills and awareness, including:

- Athletic training majors – Membership in National Athletic Trainer's Association (NATA)
- Exercise science majors – Membership in American College of Sports Medicine (ACSM) and the Alliance of Health and Fitness Professionals membership program
- Multi-age physical education majors – Membership in American Alliance for Health, Physical Education, Recreation, and Dance (AAHPERD)
- Sport management majors – Membership in North American Society for Sport Management (NASSM)

Career Opportunities

Graduate and professional schools welcome Cedarville graduates. Careers pursued by graduates include:

- Administrator of youth activities and youth organizations
- Athletic director
- Athletic trainer
- Coach
- College professor
- Community health opportunities
- Exercise physiologist
- Exercise specialist
- Fitness and recreation management
- Health teacher (preK-12th grade)
- Personal trainer
- Professional athletic team management
- Physical education teacher (preK-12th grade)
- Sport marketing and promotion
- Sport ministry organization management

Faculty

John McGillivray, *Chairman*: Associate Professor of Physical Education. Coach, women's soccer; NAIA Hall of Fame, 1993. *Education*: B.S., Cedarville University, 1970; graduate study, Wright State University, 1972-74; M.S., University of Dayton, 1976. At Cedarville since 1974.

Benson Belleman, Assistant Professor of Physical Education. Coach, men's soccer. *Education*: B.A., Cedarville University, 1979; M.A., University of Akron, 1990. At Cedarville since 2001.

Jeffrey Bolender, Assistant Professor of Physical Education. Assistant Coach, men's and women's track and field. *Education*: B.A., Cedarville University, 1991; M.S., Baylor University, 1996. At Cedarville since 2001.

Donald Callan, *Dean*, School of Health and Human Performance: Professor of Physical Education. Founder, Missions Involvement Services (MIS); NAIA District 22 "Administrator of the Year," 1987-89; NAIA Hall of Fame, 1990. *Education*: B.S., Taylor University, 1955; M.A., Ball State Teachers College, 1960; Ph.D., The Ohio State University, 1968. At Cedarville since 1960.

Teresa Clark, Assistant Professor of Physical Education. Coach, women's volleyball. *Education*: B.A., Cedarville University, 1975; M.S., Indiana University, 1986. At Cedarville since 1996.

Robert Duchardt, Assistant Professor of Athletic Training. Head Athletic Trainer; Certified athletic trainer (NATA). *Education*: B.S., Taylor University, 1965; M.S., Union College, 1973; graduate study, West Chester State College, 1977. At Cedarville since 1989.

Kathleen Freese, Assistant Professor of Physical Education. *Education*: B.S., Bowling Green State University, 1971; M.Ed., Bowling Green State University, 1981. At Cedarville since 1991.

Evan Hellwig, Associate Professor of Athletic Training. Certified athletic trainer (NATA); licensed physical therapist. *Education*: B.S., Mankato State University, 1984; Physical Therapy Certificate, University of Iowa School of Medicine, 1986; Ph.D., University of Virginia, 1992. At Cedarville 1986-89, 1992 to present.

Pamela Diehl Johnson, Professor of Physical Education. Coach, women's tennis; member, NAIA Women's Tennis National Tournament Committee; member, Executive Committee, Greene County Special Olympics; coauthor, *Physical Fitness and the Christian*. *Education*: B.S., University of Dayton, 1970; M.A., The Ohio State University, 1971; Ph.D., The Ohio State University, 1974. At Cedarville since 1974.

Elvin King, Associate Professor of Physical Education. Coach, men's and women's cross country; founder, NCCAA National Track Meet; NCCAA Hall of Fame, 1993. *Education*: B.S., Kent State University, 1964; M.Ed., Bowling Green State University, 1967. At Cedarville since 1969.

Kirk Martin, Assistant Professor of Physical Education. Coach, women's basketball. *Education*: B.A., Cedarville University, 1976; M.S., University of Dayton, 1981. At Cedarville since 2001.

Christina Merckx, Assistant Professor of Athletic Training. Certified athletic trainer (NATA). *Education*: B.A., Anderson University, 1992; M.A., University of Northern Colorado, 1993. Doctoral study at University of Southern Mississippi. At Cedarville since 1998.

Paul Orchard, Assistant Professor of Physical Education. Coach, men's and women's track and field. *Education*: B.S., Taylor University, 1983; M.A., Miami University, 1986. At Cedarville since 1993.

Jonathan Plush, Instructor of Athletic Training. Certified athletic trainer (NATA). *Education*: B.A., Cedarville University, 1995; M.S., Georgia State University, 1997. At Cedarville since 2000.

Elizabeth Shearer, Instructor of Physical Education. *Education*: B.A., Cedarville University, 1980. At Cedarville since 1979.

W. Ray Slagle, Assistant Professor of Physical Education. Coach, men's basketball. *Education*: B.S., Bob Jones University, 1971; M.S., Eastern Michigan University, 1979. At Cedarville since 2000.

William Vine, Associate Professor of Athletic Training. Certified athletic trainer (NATA). *Education*: B.A., California State University, 1982; M.A., San Jose State University, 1989. At Cedarville since 2001.

Athletic Training Major

The **athletic training major** prepares students for a career as a Certified Athletic Trainer with an emphasis on using athletic training as a springboard for ministry in a variety of settings. This program meets the requirements set forth by the National Athletic Trainer's Association (NATA) and the Commission of Accreditation of Allied Health Education Programs (CAAHEP). Even though the Athletic Training Education Program is not yet accredited, candidacy status has been granted by the Joint Review Committee for Athletic Training (JRC-AT). Prospective students need to be aware that beginning January 1, 2004, a degree from an accredited program is required in order to be eligible for NATA-BOC certification.

Athletic training requires a significant level of scientific and

clinical preparation. Prospective athletic training students are encouraged to take college preparatory courses in high school including biology, chemistry, and physics. They also should have successfully completed mathematics courses at least through Algebra II.

Students are encouraged to combine the athletic training major with another program of study depending upon their career objectives. Possible options include a business minor for those planning to be employed in the sports medicine clinic setting, a teaching certificate for those planning to be employed in the high school setting, and exercise science or biology for those pursuing graduate school or employment in an academic setting. Students need to be aware that preparing to be a marketable athletic trainer may require more than the traditional four years of college.

A. Admission and progression requirements

The Athletic Training Education Program (ATEP) will enforce a competitive admission process if necessary due to the limited availability of clinical education experiences. Space is limited to approximately 10 students per academic class, i.e. 10 seniors, 10 juniors, and 10 sophomores. There is no limit to the number of freshmen who may declare athletic training as their major, but if more than 10 students desire to continue as athletic training majors, the competitive admission process is enforced. Transfer students are considered on an individual basis and may be accepted directly into the ATEP provided that space is available and they have completed the necessary prerequisites. If space is not available, transfer students are welcome to re-apply the following year. Admission criteria include:

1. Cumulative grade point average of 2.5 or better
2. Complete college-level biology and chemistry courses with a grade of "C-" or better
3. Complete college-level First Aid and Basic Athletic Training courses with a grade of "B-" or better
4. Completion of at least 150 clinical hours under the direct supervision of a Certified Athletic Trainer (ATC)
5. Successful demonstration of designated clinical proficiencies
6. Satisfactory physical exam
7. Hepatitis B vaccine or signed declination
8. Signed acceptance of technical standards
9. Current certification in cardiopulmonary resuscitation (CPR)

Retention criteria include:

1. Earn a grade of "C-" or above in all athletic training courses
2. Maintain a cumulative GPA of 2.25
3. Maintain current CPR certification
4. Successful completion of clinical proficiencies established for each term
5. Positive recommendation by the faculty/clinical instructors of the ATEP

Graduation requirements include:

1. Earn a grade of "C-" or better in all athletic training courses
2. Member of the NATA
3. Successful completion of all clinical proficiencies
4. Apply for the NATA-BOC certification examination
5. Meet college requirements for graduation

Exercise and Sport Science

School of Health and Human Performance

B. Clinical Requirements

The clinical experience is an integral part of the ATEP. Accreditation standards require that the clinical education component of the curriculum be at least two full years in duration. Athletic training majors need to be routinely available during typical varsity practice and game times in order to fulfill the clinical education component of the ATEP. Freshmen will need to accumulate at least 150 hours in order to be eligible for admission into the ATEP. Sophomores will be scheduled to work (approximately 8-10 hours per week) with every team each semester on a rotation basis to expose them to all aspects of collegiate athletic training services. The junior and senior years are devoted to completing extensive clinical assignments including assisting an ATC with a lower extremity sport, an upper extremity sport, an equipment intensive sport (football) and managing an athletic training facility. Upperclassmen can anticipate working between 12-18 hours per week. Therefore, students majoring in athletic training are not encouraged to participate in intercollegiate athletics.

Course Requirements involve 67.5 semester hours including:

ATRN-1550 Basic Athletic Training	5
ATRN-2560 Lower Body Injury Management	5
ATRN-2570 Upper Body Injury Management	5
ATRN-2650 Therapeutic Exercise for Athletic Injuries	2

School of Health and Human Performance

Multi-Age Physical Education

The **multi-age physical education major** prepares students to teach physical education in grades preK-12 in public and Christian schools. Students who complete this curriculum will be licensed by the state of Ohio and the Association of Christian Schools International. The Ohio teaching license, through reciprocal agreements, is automatically recognized in 42 states. For additional information about teaching in other states, see the Education Department section of this catalog.

Course requirements involve 81 semester hours including:

Minors

The **coaching** minor prepares students to work as coaches in organized athletic programs at any level. Although formal education is not currently required of coaches, this particular program combines theoretical, scientific, and practical components to provide students with the knowledge and the skills they will need to succeed in this competitive yet rewarding area of service. The course requirements of the coaching minor make it a suitable complement to any major field of study offered by the University.

Course requirements for a minor in coaching involve 18 semester hours including:

CCHG-3670 Fundamentals of Coaching	3
CCHG-3680 Scientific Basis of Coaching	2
Select one course from CCHG-3700 through CCHG-3760 Coaching	2
CCHG-4950 Internship in Coaching	3
ESS-1400 First Aid and Safety Education	2
ESS-1550 Athletic Training Essentials	2
ESS-3800 Sport Psychology	2
ESS-3920 Biomechanics	2

The **health promotion** minor is a noncertificate area for those students not seeking K-12 teaching certification in health education. It is designed to prepare students for health promotion employment opportunities in educational, community, health agency, sport, and leisure settings. It complements the coursework in physical education, athletic training, business, exercise science, or psychology. Students may also qualify to take the Certified Health Education Specialist exam, depending on particular course work chosen.

Course requirements for a minor in health promotion involve 21 semester hours including:

ESS-1400 First Aid and Safety Education	2
ESS-3890 Human Anatomy and Physiology for the Physical Educator	5
MAHE-1000 Introduction to the Health Profession	1
MAHE-1350 Foundations of Health Education	2
MAHE-2100 Personal Health Issues	3
MAHE-3030 Nutrition for Health and Weight Control	2
MAHE-3500 Community Health Concepts	2
PEF-1990 Physical Activity and the Christian Life	1
<i>One course selected from the following:</i>	
MAHE-4990 Health Promotion Internship	3
PYCH-1600 General Psychology	3
SOC-3710 Family and Society	3

The **multi-age health education** minor prepares students to teach health in Christian or public schools in grades preK-12. The Ohio teaching license, through reciprocal agreements, is automatically recognized in 42 states. For additional information about teaching in other states, see the Department of Education section of this catalog. Because this program of study is not a major, students interested in health education must select an additional subject area as a major.

Course requirements involve 64 semester hours including:

<i>Health Education</i>	28
ESS-1400 First Aid and Safety Education	2
ESS-3890 Human Anatomy and Physiology for the Physical	

Educator	5
MAHE-1000 Introduction to the Health Profession	1
MAHE-1350 Foundations of Health Education	2
MAHE-2100 Personal Health Issues	3
MAHE-3030 Nutrition for Health and Weight Control	2
MAHE-3070 Current Issues in Health	1
MAHE-3100 Drug Education	3
MAHE-3130 School Health Program	3
MAHE-3500 Community Health Concepts	2
PEF-1990 Physical Activity and the Christian Life	1
PYCH-2600 Human Development: Lifespan	3
<i>Professional Education</i>	36
EDSP-2000 Teaching Children with Exceptionalities	2
EDSP-2050 Special Education Field Experience	1
EDUC-1000 The Education Profession	1
EDUC-1050 Contemporary Christian Schools	0
EDUC-2000 Introduction to Teaching	2
EDUC-2100 Technology in the Classroom	2
EDUC-2200 Multicultural Field Experience	1
EDUC-2500 Educational Psychology	3
EDUC-4000 Reading in the Content Area: Multi-Age	3
EDUC-4500 Philosophy of Education	2
EDUC-4900 Student Teaching and Seminar: Multi-Age	10
MAHE-4400 Health Education In-Service	0
MAHE-4610 Teaching Health	5
MAPE-4960 Field Experience in Health	4

Course Descriptions

General Education

PEF-1990 Physical Activity and the Christian Life—Fa,Sp **1 hour**
 Study of the role of physical activity in the Christian life from a scriptural, physiological, and psycho-sociological perspective. Emphasis is placed upon developing and continuing active, healthy, Christian life practices.

Activity Courses

PEAF-1110 Personal Exercise Program: Men **1 hour**
and PEAF-1290 Personal Exercise Program: Women **1 hour**

The Personal Exercise Program courses are individually developed to meet the unique activity needs of students with physical disabilities or conditions that preclude them from being safely or effectively involved in Physical Education activity courses. *Departmental approval is required.*

PEA_-1240 through PEA_-2100 Courses **1-2 hours each**

Each course is designed to develop knowledge and skills in the respective activity area. Course requirements include examinations covering the activity subject, skills tests, class participation, and aerobic requirements. Grading options include letter grades or credit/no credit. These courses may be used by non-majors to satisfy the physical education component of the General Education Requirements and by majors to satisfy specific curricular requirements.

PEAE-1240 Self Defense: Women—Fa,Sp	1 hour
PEAE-1300 Contemporary Aerobics: Women—Fa,Sp	1 hour
PEAE-1320 Aquaerobics: Women (Fee: \$60)—Fa,Sp	1 hour
PEAI-1430 Badminton: Coed—Fa,Sp	1 hour
PEAI-1460 Bowling: Coed (Fee: \$15)—Fa,Sp	1 hour
PEAI-1540 Golf: Coed (Fee: \$15)—Fa,Sp	1 hour
PEAI-1550 Intermediate Golf: Coed (Fee: \$15)—Fa,Sp	1 hour
PEAI-1600 Racquetball: Coed (Fee: \$15)—Fa,Sp	1 hour
PEAI-1770 Tennis: Coed—Fa,Sp	1 hour
PEAI-1780 Advanced Tennis: Coed	1 hour
PEAL-1420 Backpacking: Coed (Fee: \$30)—Fa,Sp	1 hour

Exercise and Sport Science

School of Health and Human Performance

PEAL-1510 Cycling: Coed–Sp 1 hour
PEAL-1610 Rock Climbing: Coed 1 hour
PEAR-2100 Rhythmics: Coed–Fa 1 hour
PEAS-1120 Tumbling: Coed–Sp 1 hour
PEAS-1130 Apparatus: Men–Sp 1 hour
PEAS-1140 Apparatus: Women–Sp 1 hour
PEAT-1050 Soccer: Coed–Fa,Sp 1 hour
PEAT-1820 Volleyball: Coed–Fa,Sp 1 hour
PEAT-1830 Advanced Volleyball: Coed 1 hour

and submerge to a minimum depth of seven feet, retrieve a 10 pound object and return with it to the surface; tread water for two minutes using legs only. (Fee: \$120)

PEAS-1750 Water Safety Instructor: Coed–Sp 2 hours
 This course prepares, equips, and certifies individuals in American Red Cross swimming and water safety with the purpose of teaching water exploration, primary skills, stroke readiness, stroke refinement, skill proficiency, advanced skills, basic water safety, emergency water safety, and water safety instructor aide. (Fee: \$135) (even years)

PEAS-1700 Swimming I: Coed–Fa 1 hour

Designed for nonswimmers or swimmers with minimal swimming background; introduces and develops three strokes: front crawl, back crawl, and elementary back. (Fee: \$35)

PEAS-1720 Swimming II: Coed–Fa 1 hour

Focuses on refining the front crawl, back crawl, elementary backstroke, side stroke, and breast stroke. Emphasis on increased endurance and conditioning level. *Prerequisites: PEAS-1700 Swimming I; American Red Cross Level IV certificate.* (Fee: \$35)

PEAS-1730 Swimming III: Coed–Sp 1 hour

Designed for swimmers who have gained experience through lessons or competitive swimming. Course develops stroke proficiency for all strokes including the butterfly. Includes an introduction to training regimen for lifetime fitness. (Fee: \$35)

PEAS-1740 Lifeguarding Today: Coed–Sp 2 hours

Provides lifeguards and lifeguard candidates with skills and knowledge necessary to keep the patron of an aquatic facility safe in and around the water. Teaching of lifeguarding skills and knowledge needed to prevent and respond to aquatic emergencies, preparing candidates to recognize emergencies, respond quickly and effectively to emergencies, and prevent drownings and other incidents. *Prerequisite: age 15; swim 500 yards continuously using front crawl, breast stroke, and side stroke; surface dive*

Athletic Training

ATRN-1550 Basic Athletic Training–Sp 5 hours

An overview of the allied health profession known as athletic training. This course focuses on prevention, management, and rehabilitation of sport-related injuries. Relevant topics include physical conditioning, evaluation, injury cycle, and superficial modalities. (Fee: \$50)

ATRN-2560 Lower Body Injury Management–Fa 5 hours

Comprehensive evaluation, management, and initial rehabilitation of athletic injuries involving the lower portion of the human body. *Prerequisites: ATRN-1550 Basic Athletic Training; BIO-2010 Human Anatomy and Physiology.* (Fee: \$35)

ATRN-2570 Upper Body Injury Management–Sp 5 hours

Comprehensive evaluation, management, and initial rehabilitation of athletic injuries involving the upper portion of the human body. *Prerequisites: ATRN-1550 Basic Athletic Training; BIO-2010 Human Anatomy and Physiology.* (Fee: \$35)

ATRN-2650 Therapeutic Exercise for Athletic Injuries–Sp 2 hours

Management of athletic injuries from the subacute phase through return to participation. Based on principles of biomechanics with emphasis on strength, flexibility, proprioception, endurance, and agility.

Field experiences provide students an opportunity to develop skills for teaching children of all ages and abilities.

Exercise and Sport Science

School of Health and Human Performance

ATRN-2900 Sports Medicine Clinic—Fa,Sp 0 hours

Designed to expose the student to the sports medicine clinic. Students will spend a minimum of 25 hours in an appropriate sports medicine clinic to view first hand the role of the certified athletic trainer in this employment setting. *Prerequisite: ATRN-1550 Basic Athletic Training; and permission from the Director of Athletic Training.* Credit/no credit.

ATRN-3550 Organization and Administration in Athletic Training—Sp 2 hours

Management of the athletic training program and facility at all levels of sport. Topics include budgets, policies, design, record keeping, and legal aspects of athletic training.

ATRN-3660 Modalities in Athletic Training—Fa 3 hours

Overview of the modalities used in athletic training including thermal agents, electrical agents, and mechanical modalities. (Fee: \$35)

ATRN-3910 Supervised Experience in Athletic Training—Athletic Training Facilities—Fa,Sp 2 hours

Practicum course which allows the student to demonstrate mastery of clinical proficiency by applying course content to the actual practice of athletic training. Students will be assigned to the Athletic Training Facility and assist the athletic training staff in providing services. *Prerequisites: ATRN-2560 Lower Body Injury Management; and ATRN-2570 Upper Body Injury Management.*

ATRN-3920 Supervised Experience in Athletic Training—Upper Body—Fa,Sp 2 hours

Practicum course which allows the student to demonstrate mastery of clinical proficiency by applying course content to the actual practice of athletic training. Students will be assigned to a varsity team and assist the athletic training staff in providing services. *Prerequisites: ATRN-2560 Lower Body Injury Management; and ATRN-2570 Upper Body Injury Management.*

ATRN-3930 Supervised Experience in Athletic Training—Lower Body—Fa,Sp 2 hours

Practicum course which allows the student to demonstrate mastery of clinical proficiency by applying course content to the actual practice of athletic training. Students will be assigned to a varsity team and assist the athletic training staff in providing services. *Prerequisites: ATRN-2560 Lower Body Injury Management; and ATRN-2570 Upper Body Injury Management.*

ATRN-4560 Medical Aspects of Athletic Training—Fa 2 hours

Focuses on medical issues related to athletic training including but not limited to conditions of the cardiovascular, respiratory, digestive, and urinary systems.

ATRN-4610 Issues in Athletic Training—Sp 1 hour

Study of the current significant issues in athletic training with an emphasis on legal/ethical issues and professional development.

ATRN-4850 Independent Study in Athletic Training—Fa,Sp 1-3 hours

Independent study in athletic training by students pursuing the athletic training major. *Departmental approval is required.*

ATRN-4940 Supervised Experience in Athletic Training—Football—Fa 2 hours

Students will spend at least 200 hours working with a certified athletic trainer during preseason and regular season football. Assignment may be at the collegiate or high school level. Students are responsible for their own transportation. Assignments begin in early to mid-August. Students will also meet on campus weekly to demonstrate mastery of clinical proficiencies associated with equipment intensive sports and collision trauma. *Prerequisites: ATRN-1550 Basic Athletic Training; and permission from the Director of Athletic Training.* (Fee: \$35)

Coaching

CCHG-3670 Fundamentals of Coaching—Fa 3 hours

Overview of the philosophy, psychology, organization, and general responsibilities of an athletic coach. Knowledge of motor

learning and development and an overview of the organizational fundamentals of coaching for all the major sports. (even years)

CCHG-3680 Scientific Basis of Coaching—Fa 2 hours

Practical study of physiological and kinesiological principles of training and their application to various sports. (odd years)

CCHG-3700 through CCHG-3760 Coaching 2 hours each

Organization, skills, techniques, and strategies of the following sports:

CCHG-3700 Coaching Volleyball—Sp (even years)

CCHG-3720 Coaching Basketball—Fa (odd years)

CCHG-3730 Coaching Track and Field and Cross Country—Sp (odd years)

CCHG-3740 Coaching Softball and Baseball—Fa (even years)

CCHG-3760 Coaching Soccer—Sp (odd years)

CCHG-4950 Internship in Coaching—Fa,Sp 3 hours

Field experience at the University or a nearby high school involving actual coaching experience. *Departmental approval is required.* Credit/no credit.

Education

ESED-2900 Health and Movement Education for the Young Child—Fa,Sp 2 hours

An investigation of current trends, methods of instruction, and curriculum design in health and physical education for early childhood classrooms, including review of appropriate Ohio models. Emphasis is given to the importance of nutrition, safety, and movement education for the young child including a look at basic nutritional, health, and safety management, especially in relationship to childhood illnesses and communicable diseases. *Prerequisite: EDUC-1000 The Education Profession.*

Exercise and Sport Science

ESS-1350 Foundations of Exercise and Sport Science—Sp 2 hours

Orientation to the history, philosophy, and scope of modern exercise and sport science from a theistic perspective.

ESS-1400 First Aid and Safety Education—Fa,Sp 2 hours

American Red Cross Standard First Aid and C.P.R. certificate may be granted at the end of the course. (Fee: \$30)

ESS-1550 Athletic Training Essentials—Sp 2 hours

Principles of prevention, recognition, management, and rehabilitation of athletic injuries are presented for the student anticipating professional employment as a supervisor of individuals engaged in recreation and sport activities. (Fee: \$35)

ESS-2380 Motor Learning and Development—Sp 3 hours

A study of the stages in motor development and the factors affecting the acquisition of motor skills and learning as it relates to motor skill acquisition. The course provides cognitive and psychomotor knowledge of fundamental locomotor, non-locomotor, and manipulative motor skills.

ESS-3800 Sport Psychology—Sp 2 hours

Surveys the concepts and issues related to the human psyche in the context of sport and from a biblical perspective. *Prerequisite: PSYCH-1600 General Psychology; or permission of instructor.*

ESS-3890 Human Anatomy and Physiology for the Physical Educator—Fa 5 hours

This course is designed to be a study of the structure and function of the human body from a Christian theistic perspective with particular emphasis on applications and understandings for physical educators. *Prerequisite: BIO-1000 Principles of Biology.*

ESS-3900 Physiology of Exercise—Sp 3 hours

A study of the physiological processes of the body and how they are affected by and adapt to varying exercise conditions. *Prerequisites: BIO-2010 Human Anatomy and Physiology; or ESS-3890 Human Anatomy and Physiology for the Physical Educator.*

Exercise and Sport Science

School of Health and Human Performance

ESS-3920 Biomechanics–Fa 2 hours

Application of the facts and principles of basic physics to body movement, sports performance, and teaching of physical education skills. *Prerequisite: GMTH-1020 College Algebra.*

ESS-3940 Structural Kinesiology–Fa 1 hour

Practical application of anatomy to physical education.

ESS-4600 Research in Athletic Training and Exercise Science–Fa 2 hours

Designed to develop an appreciation for the importance of and need for quality research in athletic training and/or exercise science. Orientation to methods and procedures utilized, emphasizing basic principles of conducting research, and for interpreting and critically reviewing articles representative of the athletic training/exercise science domains.

ESS-4900 Physical Education Senior Seminar–Fa,Sp 1 hour each

A study of current issues in physical education and the implications of physical education and sport on society. Students will also study sport law and methods of research and evaluation. Students register for one hour each semester of their senior year. Capstone course.

Exercise and Sport Science Electives

ESSE-2100 Wilderness Ministry–Su 3 hours

Preparation for and participation in a backpacking trip provides the backdrop for addressing the purpose, benefits, and effective use of the wilderness backpacking experience for maximum spiritual impact on both individuals and groups. Credit/no credit. *If prior arrangements are made for fulfilling the activity requirement, this course can fulfill the Physical Education General Education activity course requirement.* (Fee: \$340)

ESSE-2300 through ESSE-2320 Sports Officiating 2 hours

Lectures, reading, class discussions, and field experiences in officiating. Ohio High School Athletic Association certification may be earned in selected sports.

ESSE-2300 Basketball Officiating

ESSE-2310 Volleyball Officiating

ESSE-2320 Track and Field Officiating

ESSE-2810 Introduction to Camping–Sp 2 hours

The development and scope of camping including philosophies of centralized and decentralized camping, standards, administration, and basic campcraft skills. Special arrangement only. *This course does not fulfill the Physical Education General Education activity course requirement or the Outdoor Leisure requirement of the Physical Education major.* (Fee: \$40) (even years)

ESSE-2830 Recreational Leadership–Sp 2 hours

Survey of the recreational aspects of games and activities from a noncompetitive perspective. Small and large group activities are planned, such as new games and challenge initiatives to enhance individual and group development and recognize group process and dynamics. Practical work in planning, implementing, and evaluating recreational programs for all ages in schools, youth group outings, Bible clubs, and camps are provided. (odd years)

Exercise Science

EXSC-2000 Worksite Observation–Fa,Sp,Su 0 hours

Students are required to arrange a field experience for five consecutive full days (minimum of 30 contact hours) in an exercise science work setting approved by their advisor where they can observe and participate in exercise science worksite activities. *Departmental approval and a follow-up report are required.* Credit/no credit.

EXSC-3000 Exercise Science Practicum–Fa,Sp 1 hour

This practicum is a minimum of 30 contact hours assisting or instructing in group aerobics, muscle strength conditioning instruction and workout supervision, muscle toning instruction

and workout supervision, or person training. *Departmental approval is required.* Credit/no credit.

EXSC-3860 Basic Exercise Testing–Fa 3 hours

This course will present guidelines and procedures for basic exercise and fitness testing. Students will develop knowledge and skill competencies in medical/health screening and anthropometry, as well as develop lifestyle, body composition, musculoskeletal, metabolic, and resting and exercise cardiorespiratory assessments in the apparently healthy population. *Prerequisites: BIO-2010 Human Anatomy and Physiology; or ESS-3890 Human Anatomy and Physiology for the Physical Educator; and GMTH-1020 College Algebra.* (Fee: \$15)

EXSC-3870 Basic Exercise Prescription–Sp 3 hours

This course enables the student to develop the knowledge, skills, and attitudes necessary to design a regimen of physical activity in a systematic and individualized manner, using the components of frequency, duration, intensity, mode, and progression, for apparently healthy individuals. (Fee: \$15)

EXSC-4180 Legal Issues in Exercise and Sport Science–Sp 3 hours

This course helps the student develop a knowledge of the legal system and the legal principles that have broad application to exercise testing, prescription, and leadership so that as exercise professionals they can develop and implement policies and procedures to help reduce legal risks and enhance the safety and efficacy of the experience of the client. *Prerequisite: senior academic status.*

EXSC-4810 Organization and Administration of Exercise Science–Fa 3 hours

This course is designed to provide the knowledge and begin to develop the skills and abilities necessary to organize, administer, manage, promote, and deliver quality health/fitness programs effectively, safely, and efficiently, meeting the needs and desires of both the client and the employer. *Prerequisites: ESS-1350 Foundations of Exercise and Sport Science; EXSC-2000 Worksite Observation; EXSC-3860 Basic Exercise Testing; and EXSC-3870 Basic Exercise Prescription.*

Physical education classes in the Athletic Center for local home-educated children provide excellent opportunities for students to practically apply their knowledge.

Exercise and Sport Science

School of Health and Human Performance

EXSC-4850 Independent Study in Exercise Science—Fa,Sp

1-3 hours

Independent study in the area of exercise science by students pursuing the exercise science major. *Departmental approval is required.*

EXSC-4880 Exercise Testing and Prescription for Special Populations—Fa

3 hours

This course will prepare exercise science students to do exercise testing and prescriptions for individuals who are either acutely or chronically distinct from the “apparently not at risk” adult population. These include individuals who are children, elderly, or pregnant, as well as those who have acute or chronic illness or disease conditions which might affect the testing protocol or details of the exercise prescription. *Prerequisites: ESS-1350 Foundations of Exercise and Sport Science; EXSC-2000 Worksite Observation; EXSC-3860 Basic Exercise Testing; and EXSC-3870 Basic Exercise Prescription.* (Fee: \$15)

EXSC-4990 Internship in Exercise Science—Fa,Sp

6 hours

This is an actual work experience in an exercise science setting for 40 hours per week for a minimum of ten weeks. *Departmental approval is required.* Credit/no credit. (Fee: \$25)

Multi-Age Health Education

MAHE-1000 Introduction to the Health Profession—Fa

1 hour

Introductory course for students planning career involvement in health and health-related professions. The students will be introduced to health careers by providing descriptions of jobs, the educational and legal requirements, the work environment, and additional information about specific fields.

MAHE-1350 Foundations of Health Education—Sp

2 hours

Orientation to the history, philosophy, and scope of modern health education from a theistic perspective.

MAHE-2100 Personal Health Issues—Sp

3 hours

This course will explore various health topics, including but not limited to emotional and mental well being, gerontological health issues, and death and dying. Course content may be revised to reflect changing health needs and priorities.

MAHE-3030 Nutrition for Health & Weight Control—Fa

2 hours

A study of the science of nutrition, together with the study of eating habit formation and modification for optimal wellness, presented from a Christian perspective.

MAHE-3070 Current Issues in Health—Sp

1 hour

Designed to explore, from a Christian perspective, health-related issues that challenge our society. This course recognizes the reality that there are “no easy answers” as ethics, technology, and economics merge to generate new dilemmas of increasing complexity every day.

MAHE-3100 Drug Education—Sp

3 hours

Students will investigate the physical, social, emotional, intellectual, and spiritual factors influencing consumer health behavior with specific application to use/misuse of dietary supplements and herbal preparations, prescription drugs, over-the-counter drugs, alcohol, stimulants, opiates, hallucinogens, and steroids.

MAHE-3130 School Health Program—Sp

3 hours

Analysis of the scope of the school health program including health services, healthful school living, and health instruction.

MAHE-3500 Community Health Concepts—Fa

2 hours

Analysis of current community health problems and how solutions can be achieved in and through existing community health programs.

MAHE-4400 Health Education In-Service—Fa,Sp

0 hours

Students are required to organize and conduct a health fair or make a presentation on a health-related issue to other health professionals, parents, faculty, or school personnel at the site of

their student teaching experience or on campus to faculty, staff, and students. Students will prepare the information and materials for the health fair and/or presentation as part of the course Community Health Concepts. *Departmental approval is required.* *Prerequisite: MAHE-3500 Community Health Concepts.* Credit/no credit.

MAHE-4610 Teaching Health—Fa

5 hours

This course provides methods of instruction with emphasis on the teacher's role in comprehensive school health education including an introduction to the health status of youth, at-risk students, objectives for A Healthy People 2010, components of comprehensive school health education, the role of the teacher in school health services, special health concerns of today's preschool children through post-secondary youth, as well as curriculum development, behavioral objectives, life skills, scope and sequence of learning, teaching strategies, philosophy of wellness, and responsible decision making. *Prerequisite: admission to the teacher education program.*

MAHE-4850 Independent Study in Health Education—Fa,Sp

1-3 hours

Independent study in the area of health education by students pursuing multi-age health education teaching licensure or a health promotion minor. *Departmental approval is required.*

MAHE-4960 Field Experience in Health Education—Fa,Sp

A nine-week field experience including the teaching of health. *Prerequisite: admission to the teacher education program.*

Credit/no credit. (Fee: \$35)

MAHE-4990 Internship in Health Promotion—Fa,Sp

3 hours

This is an actual work experience in a health promotion setting for a minimum of 10 hours per week for a minimum of ten weeks. *Departmental approval is required.* Credit/no credit.

Multi-Age Physical Education

MAPE-1210 Team Sports—Fa

2 hours

Theory and practice in soccer, basketball, softball, baseball, volleyball, and novelty sports with attention given to various teaching methods, skills, and rules.

MAPE-2200 Individual and Dual Sports I—Fa

2 hours

Theory and practice in tennis, golf, archery, and bowling with attention to various teaching methods, skills, psychomotor skill development, and knowledge in rules, terminology, strategies, safety, and etiquette. (Fee: \$20)

MAPE-2210 Individual and Dual Sports II—Sp

2 hours

Theory and practice in badminton, racquetball, table tennis, and track and field with attention to various teaching methods, skills, psychomotor skill development, and knowledge in rules, terminology, strategies, safety, and etiquette. (Fee: \$15)

MAPE-3600 Physical Education in the Elementary School—Sp

5 hours

An overview of the place of physical education in the elementary school curriculum with an emphasis on the study of current program content design, teaching techniques, types of evaluations, as well as modifying activities for the purpose of inclusion for the physically challenged.

MAPE-4500 Curriculum Development in Physical Education—Fa

3 hours

Overview of the curriculum process in physical education specifically giving attention to the theoretical base, process of curriculum design, and curriculum development for elementary through high school educational programs.

MAPE-4850 Independent Study in Physical Education—Fa,Sp

1-3 hours

Independent study by major students of advanced standing toward the understanding and appreciation of problems in physical education. This course gives students an opportunity to develop skills in the use of literature and in the appropriate techniques of problem solving. *Departmental approval is required.*

MAPE-4950 Methods of Teaching Physical Education–Fa 3 hours

This course provides the study of methods of instruction and practice and the study of planning and implementing units of instruction, as well as evaluating the effectiveness of various teaching strategies for teaching physical education at the secondary level. Also included is the study of understanding and developing assessment techniques in physical education and developing strategies for working with handicapped students.

Prerequisite: admission to the teacher education program.

MAPE-4960 Field Experience–Fa 4 hours

A nine-week field experience taken in conjunction with MAPE-4950 Methods of Teaching Physical Education. *Prerequisite: admission to the teacher education program.* Credit/no credit.

(Fee: \$35)

MAPE-4970 Field Experience in Physical Education–Special Populations–Fa,Sp 2 hours

A six-week adapted physical education teaching field experience taken in conjunction with EDSE-4900 Student Teaching and Seminar: Adolescent/Young Adult that seeks to provide the opportunity for application of adapted physical education content and theory studied in MAPE-3600 Physical Education in the Elementary School and MAPE-4950 Methods of Teaching Physical Education. *Prerequisites: admission to the teacher education program, MAPE-4950 Methods of Teaching Physical Education; and MAPE-4960 Field Experience.* (Fee: \$35)

Sport Management

SMGT-1000 Sport Management Practicum–Fa,Sp 1 hour

An on-campus sport management opportunity for students in the sport management major to be involved in a variety of activities compatible with athletic and recreational sporting events and experiences. A minimum of 30 hours is required for each practicum. *Prerequisites: SMGT-1350 Introduction to Sport Management; and departmental approval.* Credit/no credit.

SMGT-1350 Introduction to Sport Management–Sp 3 hours

This course is designed to introduce the student to the dynamic nature of sport management and the potential for successful and satisfying career opportunities.

SMGT-3180 Legal Issues in the Sport Industry–Sp 3 hours

This course will focus on the three major areas of law that have a direct impact on the management of sport: tort liability and risk management, contract law, and constitutional law.

SMGT-3610 Marketing in the Sport Industry–Sp 3 hours

This course will present the following concepts of sport marketing: definition of sport marketing and unique characteristics, the marketing management process, and identification and analysis of consumers.

SMGT-3810 Organization and Administration of Sports and Athletics–Fa 3 hours

Study of current issues, management techniques, and programming concepts as utilized in the administration of athletics, intramurals, and recreational sports.

SMGT-4660 Promotion and Public Relations in the Sport Industry–Fa 3 hours

A study of the various ways to promote sport to the public in a professional and ethical manner.

SMGT-4850 Independent Study in Sport Management –Fa,Sp 1-3 hours

Independent study in the area of sport management by students pursuing the sport management major. *Departmental approval is required.*

SMGT-4990 Internship in Sport Management–Fa,Sp 12 hours

This is an actual work experience in a sport management setting for a minimum of 40 hours per week for a minimum of ten weeks. *Departmental approval is required.* Credit/no credit.

(Fee: \$35)

Physical education and athletic training majors receive specialized instruction in anatomy and physiology from qualified practicing health professionals.

Students benefit from instruction by faculty members who share practical principles from their own teaching careers.
