## Mission Statement

The Cedarville University Department of Kinesiology and Allied Health seeks to:

1. Equip students for careers in sport- and exercise-related professions.
2. Enable students to view knowledge in light of scriptural truth.
3. Help students apply and model knowledge to the vocation and world in which they work and live.
4. Encourage growth in Christian character.

## Preparation

Students planning to pursue a major within the department of kinesiology and allied health are best prepared in high school by taking a college-preparatory curriculum. Students planning to pursue a multi-age physical education or sport and exercise studies major should take as many physical education courses as possible. Those considering majors in allied health, exercise science, and athletic training should take biology, chemistry, physics, and mathematics courses at least through algebra II. Business courses such as accounting and economics are good preparation for students considering a major in sport management.

## Department Requirements

Once students declare a major within the department of kinesiology and allied health, they are expected to maintain a level of personal physical fitness which demonstrates a commitment to professionalism and biblical stewardship. A mandatory semi-annual cardiovascular fitness assessment is used to evaluate the status of the student's fitness.

Multi-age physical education and sport and exercise studies majors have courses in their respective curricula that have motor skill performance proficiencies. While meeting the proficiency standards is not required to receive a passing grade in all classes, satisfactory completion of all of the proficiencies is a degree requirement. See pages 75–76 for the department of education admission and retention requirements for multi-age physical education and multi-age health education.

## Programs of Study

The department of kinesiology and allied health offers the following programs of study:

### Bachelor of Arts (B.A.) in:

- Athletic Training
- Exercise Science
- Physical Education – Multi-Age (certification for teaching pre-K to 12)
- Sport and Exercise Studies
- Sport Management

### Bachelor of Science (B.S.) in:

- Allied Health
- Exercise Science

### Minors

- Coaching
- Health Promotion
- Health Education – Multi-Age (certification for teaching pre-K to 12)
- Sport Management
- Sport Ministry

## Co-Curricular Opportunities

The department of kinesiology and allied health has several opportunities for students to increase their professional skills and awareness by being involved in the following Cedarville University approved organizations:

- Athletic training majors — Athletic Training Student Organization
- Exercise science majors — Health and Fitness Association
- Multi-age physical education and sport and exercise studies majors — Phi Epsilon Omega (Physical Education Organization)
- Sport management majors — Sport Management Organization

## Career Opportunities

Graduate and professional schools welcome Cedarville graduates. Careers pursued by graduates include:

- Administrator of youth activities and youth organizations
- Athletic director
- Athletic trainer
- Coach
- Community health opportunities
- Exercise physiologist
- Exercise specialist
- Fitness and recreation management
- Health teacher (pre-K to 12)
- Personal trainer
- Physical education teacher (pre-K to 12)
- Professional athletic team management
- Sport marketing and promotion
- Sport ministry organization management

## Faculty

**Evan Hellwig**, *Chair*. Professor of Athletic Training; Certified Athletic Trainer (BOC); licensed physical therapist. *Education*: B.S., Mankato State University, 1984; Physical Therapy Certificate, University of Iowa School of Medicine, 1986; Ph.D., University of Virginia, 1992. At Cedarville 1986–89, and since 1992.

**Teresa Clark**, Associate Professor of Exercise and Sport Science. *Education*: B.A., Cedarville University, 1975; M.S., Indiana University, 1986. At Cedarville since 1996.

**April Crommett**, Associate Professor of Exercise and Sport Science. *Education*: B.S., Mississippi State University, 1991; M.S., Memphis State University, 1993; Ph.D., The University of Mississippi, 2000. ACSM Certified Health Fitness Instructor. At Cedarville since 2003.

**Christopher Cross**, Assistant Professor of Athletic Training; Head athletic trainer (BOC). *Education*: B.S., Alderson-Broaddus, 1996; M.S., West Virginia University, 2002. At Cedarville since 2004.

**Kathleen Freese**, Associate Professor of Exercise and Sport Science. *Education*: B.S., Bowling Green State University, 1971; M.Ed., Bowling Green State University, 1981. At Cedarville since 1991.

**Lori Huckaby**, Assistant Professor of Exercise Science and Sport Science. *Education*: B.A., Baptist Bible College, 1987; M.Ed., Lynchburg College, 2001. At Cedarville since 2005.

**Pamela Diehl Johnson**, *Assistant Academic Vice President*: College of Health Professions. Senior Professor of Exercise and Sport Science. *Education*: B.S., University of Dayton, 1970; M.A., The Ohio State University, 1971; Ph.D., The Ohio State University, 1974. At Cedarville since 1974.

**John McGillivray**, Associate Professor of Exercise and Sport Science; Coach, women's soccer; NAIA Hall of Fame, 1993. *Education*: B.S., Cedarville University, 1970; graduate study, Wright State University, 1972–74; M.S., University of Dayton, 1976. At Cedarville since 1974.

**Delyte Morris**, Adjunct Professor of Exercise and Sport Science; Coach, women's tennis. *Education*: B.S., Geneva College, 1959; M.S., Indiana University, 1960; Ph.D., Indiana University, 1966. At Cedarville since 1998.

**Paul Orchard**, Lecturer in Exercise and Sport Science; Coach, men's cross country; Assistant Coach, men's and women's track and field. *Education*: B.S., Taylor University, 1983; M.A., Miami University, 1986. At Cedarville since 1993.

**Steven Patterson**, Assistant Professor of Athletic Training; Certified Athletic Trainer (BOC); ATEP Program Director. *Education*: B.S., Vanguard University, 1998; M.S., Palm Beach Atlantic University, 2002; all work completed for Ed.D. except dissertation, Nova Southeastern University. At Cedarville since 2008.

**Elizabeth Shearer**, Instructor of Exercise and Sport Science. *Education*: B.A., Cedarville University, 1980. At Cedarville since 2002.

**Michael Weller**, Assistant Professor of Athletic Training; Certified Athletic Trainer (BOC); ATEP Clinical Education Coordinator. *Education*: B.A., Capital University, 1995; M.S., Ohio University, 1997. At Cedarville since 2010.

## Emeriti

**Donald Callan**, Professor Emeritus of Exercise and Sport Science; Founder, Missions Involvement Services (MIS); NAIA Hall of Fame, 1990. *Education*: B.S., Taylor University, 1955; M.A., Ball State Teachers College, 1960; Ph.D., The Ohio State University, 1968. At Cedarville since 1960.

## Teaching Staff

**Kari Flunker**, Teaching Staff in Exercise and Sport Science. *Education*: B.A., Cedarville University, 2005. At Cedarville since 2010.

**Brent Newman**, Teaching Staff in Kinesiology and Allied Health. *Education*: B.S., Bryson University, 2010. At Cedarville since 2011.

## Staff Clinical Instructor

**Hannah Haynes**, ATC. *Education*: B.A., Cedarville University, 2008; M.S., University of Indiana, 2010. At Cedarville since 2010.

**Leyna Hebert**, ATC. *Education*: B.S., Ohio State University, 2007; M.S., University of Kentucky, 2009. At Cedarville since 2009.

## Athletic Training Mission Statement

The mission of the Cedarville University Athletic Training Education Program (ATEP) is to advance the Kingdom of Christ by preparing entry-level athletic trainers, through diverse learning experiences, to practice competently and professionally throughout the world.

This is to be accomplished through an educational program that practices the skills associated with the prevention, diagnosis, and intervention of emergency, acute, and chronic medical conditions involving impairment, functional limitations and disabilities.

Students will be able to:

1. Provide quality health care including prevention, diagnosis, and intervention to patients and clients who participate in physical activity.
2. Utilize therapeutic techniques and equipment safely, appropriately, and effectively.
3. Manage an athletic training facility.
4. Instruct patients and clients in areas of prevention, stewardship, and convalescence.
5. Locate and interpret research.
6. Conduct themselves professionally.

The athletic training major prepares students for a career as a Certified Athletic Trainer (or ATC), which is the official credential awarded when students successfully pass the certification exam administered by the BOC. Cedarville's athletic training program meets the requirements set forth by the National Athletic Trainers' Association (NATA) and the Commission on Accreditation of Athletic Training Education (CAATE).

## Personal Requirements

Athletic training requires a significant level of scientific and clinical preparation. Prospective athletic training students are encouraged to take college-preparatory courses in high school, including biology, chemistry, physics, and advanced math. An ACT composite score of 24 (or SAT composite of 1100) or higher is highly recommended.

Typically, the student who is interested in athletic training as a potential career has a history of being involved in athletics personally and may even wish to pursue participating in athletics at the collegiate level. Students need to be aware that the (ATEP) depends on the varsity athletic program at Cedarville as well as high schools, colleges, and clinics in the community to provide the primary "laboratory" experiences for the clinical education component of the program. Therefore, attempting to participate in varsity athletics while simultaneously pursuing the athletic training major may prove to be a significant conflict of interest.

Students are, however, expected to model appropriate stewardship of their physical bodies by being involved in a consistent program of regular exercise and activity. A biannual one and a half-mile run is used to evaluate the status of the student's fitness.

## Program Requirements

### Admission and Retention

Athletic training clinical education is a labor-intensive product to deliver. Because there is a finite number of quality sports medicine opportunities available on campus, the ATEP limits each academic class to no more than 12 students each (i.e., 12 seniors, 12 juniors, and 12 sophomores). There is currently no limit to how many freshmen may declare athletic training as their major, but if more than 12 students desire to continue as athletic training majors beyond the freshman year, the competitive admission process is enforced. Transfer students are considered on an individual basis but are only eligible to be admitted directly into the ATEP if: 1) there is space available in their graduating class and 2) they have met all the admission criteria. Anyone thinking about transferring to Cedarville for the purpose of being an athletic training major should contact the program director as early in the process as possible. Admission criteria include:

1. Cumulative GPA of 2.5 or higher
2. Completion of college-level biology and chemistry courses with a grade of "C-" or higher
3. Completion of college-level first aid and basic athletic training courses with a grade of "B-" or higher
4. Completion of at least 150 clinical hours in the Cedarville University Athletic Training Facility
5. Satisfactory physical exam
6. Hepatitis B vaccine or signed declination
7. Signed acceptance of technical standards, available at [cedarville.edu/athletictraining](http://cedarville.edu/athletictraining)
8. Current certification in cardiopulmonary resuscitation (CPR) including AED

Retention criteria include:

1. Earning a grade of "C-" or higher in all athletic training courses
2. Maintaining a cumulative GPA of 2.50 or higher
3. Maintaining current CPR/AED certification
4. Successfully completing clinical proficiencies established for each term
5. Positive recommendation by the faculty/clinical instructors of the ATEP

Graduation requirements include:

1. Earning a grade of "C-" or higher in all athletic training courses
2. Member of the NATA
3. Successful completion of all clinical proficiencies
4. Meeting University requirements for graduation

Students are encouraged to combine the athletic training major with another program of study depending upon their career objectives. Possible options include a business minor for those planning to be employed in the sports medicine clinic setting, or a teaching certificate for those planning to be employed in the high school setting, and exercise science or biology electives for those pursuing graduate education or employment in higher education. Students need to be aware that preparing to be a marketable athletic trainer may require more than the traditional four years of college.

A complete description of the general education requirements is found on page 26.

## Athletic Training Clinical Requirements

The clinical experience is an integral part of the ATEP. Accreditation standards require that the clinical education component of the curriculum be at least two full years in duration. Athletic training majors need to be routinely available during typical practice and game times in order to fulfill the clinical education requirements. Freshmen will need to accumulate at least 150 hours of observational time in the athletic training facility in order to be eligible for admission into the ATEP. Sophomores will be scheduled to work (approximately 8–10 hours per week) with one of the on-campus Certified Athletic Trainers to expose them to collegiate athletic training services. The junior and senior years are devoted to completing extensive clinical assignments, including working under the supervision of a certified athletic trainer with a lower extremity sport, an upper extremity sport, an equipment intensive sport such as football, and a general medical clinical education rotation. Upperclassmen can anticipate working 12–20 hours per week. Students majoring in athletic training are not encouraged to participate in intercollegiate athletics.

## Allied Health

The **Bachelor of Science degree with a major in allied health** is an interdisciplinary program designed to prepare students for admission into graduate-level allied health care provider programs including physical therapy, physicians assistant, and occupational therapy. The allied health major is not necessarily designed to prepare students for the medical profession. Students seeking admission to medical school should consider majoring in the premed program offered in the department of science and mathematics.

## Minors

### Coaching Minor

The **coaching minor** prepares students to work as coaches in organized athletic programs at any level. Although formal education is not currently required of coaches, this particular program combines theoretical, scientific, and practical components to provide students with the knowledge and the skills they will need to succeed in this competitive yet rewarding area of service. The course requirements of the coaching minor make it a suitable complement to any major field of study offered by the University.

*Course requirements for a minor in coaching involve 17 semester hours including:*

CCHG-3670 Fundamentals of Coaching .....	3
CCHG-3680 Scientific Basis of Coaching .....	2
<b>One course selected from the following .....</b>	<b>2</b>
CCHG-3700 Coaching Volleyball .....	2
CCHG-3720 Coaching Basketball .....	2
CCHG-3730 Coaching Track and Field and Cross Country ..	2
CCHG-3740 Coaching Softball and Baseball.....	2
CCHG-3760 Coaching Soccer.....	2
CCHG-4950 Internship in Coaching.....	3
ESS-1400 First Aid and Safety Education .....	2
ESS-1550 Athletic Training Essentials.....	2
ESS-3800 Sport Psychology .....	3

### Health Promotion Minor

The **health promotion minor** is a noncertificate area for those students not seeking K–12 teaching certification in health education. It is designed to prepare students for health promotion employment opportunities in educational, community, health agency, sport, and leisure settings. It complements the coursework in physical education, athletic training, business, exercise science, sport and exercise studies, or psychology.

*Course requirements for a minor in health promotion involve 21 semester hours including:*

ESS-1400 First Aid and Safety Education .....	2
ESS-3890 Human Anatomy and Physiology for the Physical Educator.....	5
MAHE-1000 Introduction to the Health Profession .....	1
MAHE-1350 Foundations of Health Education .....	2
MAHE-2100 Personal Health Issues .....	3

MAHE-4990 Health Promotion Internship .....	3
PYCH-1600 General Psychology .....	3
SOC-3710 Family and Society.....	3

### Multi-Age Health Education Minor

The **multi-age health education minor** prepares students to teach health in Christian or public schools in grades pre-K to 12. The Ohio teaching license, through reciprocal agreements, is automatically recognized in 42 states. For additional information about teaching in other states, see the department of education section (page 66). Because this program of study is not a major, students interested in health education must select an additional subject area as a major.

*Course requirements involve 60 semester hours including:*

<b>Health Education .....</b>	<b>23</b>
ESS-1400 First Aid and Safety Education .....	2

ESS-3890 Human Anatomy and Physiology for the Physical Educator .....	5
MAHE-1350 Foundations of Health Education .....	2
MAHE-2100 Personal Health Issues .....	3

EDUC-3100 Philosophical Foundations of Education .....	3
EDUC-4900 Student Teaching and Seminar: Multi-Age .....	10
MAHE-4610 Teaching Health.....	5
MAHE-4960 Field Experience in Health .....	4

### Sport Management Minor

The purpose of the **sport management minor** is to allow students from other majors the opportunity to develop a foundation which will serve as the basis for a future career in sport such as high school athletic director or baseball announcer.

*Course requirements for a minor in sport management involve 19 semester hours including:*

ESS-2100 Leadership and Ethics in Sport .....	3
SMGT-1350 Introduction to Sport Management .....	3
SMGT-3300 Event Planning and Production .....	3
SMGT-4100 Marketing and Promotions in the Sport Industry.....	4
<b>Two courses selected from the following.....</b>	<b>6</b>
SMGT-2100 Sport in Society.....	3
SMGT-2500 Organizational Behavior in Sport.....	3
SMGT-3180 Legal Issues in the Sport Industry .....	3
SMGT-3200 Facility Design and Management.....	3
SMGT-4200 Financing Sport Operations .....	3

### Sport Ministry Minor

The purpose of the **sport ministry minor** is to assist the student who is preparing for a variety of ministries through the medium of sport. This minor is a good complement to many majors including sport and exercise studies, sport management, world missions, and youth ministries.

*Course requirements for a minor in sport ministry involve 20–22 semester hours including:*

BEPT-2400 Personal Evangelism.....	3
BEPT-3410 Discipleship .....	3
CCHG-3670 Fundamentals of Coaching.....	3
ESS-1400 First Aid and Safety Education .....	2
