We'll supply you with drip-brew coffee, condiments, and cups — all of the do-it-yourself necessities to keep your event fully caffeinated and awake!

Full-Service Drip-Brew Coffee

The best of Cedarville's coffee is provided along with condiments, cups, and one of our best baristas to prepare, serve, and clean up afterward.

Full-Service Smoothie Bar

Prepare yourself for all five of our fabulous smoothie flavors: strawberry, strawberry-banana, mango, peach, and wildberry. Meetings will never be the same.

Full-Service Coffee Bar

Choose selections from our full menu to be a part of this full-service coffee bar. One of our baristas will be pleased to serve you and your guests at your event.

This option requires more preparation and is limited in set-up locations, but to make it the ideal touch for your event, we'll be more than happy to talk with you about how it can be adapted to your needs.

No matter which service you choose, the result will always be the same: satisfaction.
