

## Foreword

Welcome to Cedarville University's *2008 Factbook*, the 22nd edition of this publication!

The *Factbook* reflects the mission of our department, namely to inform decisions of the University and tell the Cedarville story. It contains a variety of descriptive data, much of which was generated by the actual departments the data describes.

Access to data significantly influences the extent to which it is used. Consequently, this publication is also available in its entirety at [www.cedarville.edu/factbook](http://www.cedarville.edu/factbook) for all who prefer a digital format.

We deeply appreciate all who have worked to contribute to this publication. As you use it and see the need for a new way of presenting the information or identify a new area we can cover, please contact me.
