

# 13. Photos with Captions

## *Purpose:*

It has been said that “a picture is worth a thousand words” and that is quite true, however when you use captions to explain the pictures you’ve included you are able to highlight your strengths and experiences in ways that will help a person who is completely unfamiliar with you to get a flavor for who you are and what you can do best!

## *Suggestions:*

Photos may be included in one section or scattered throughout your portfolio. However you format them, they provide a “come alive” factor to your portfolio that is really important!
