Cedarville Family,

You'll recall that a few weeks ago, I e-mailed you about the Soulforce gay advocacy group which was considering visiting Cedarville University to protest our biblical approach to homosexuality. Soulforce has announced that they will visit Cedarville University on April 19 and/or 20.

While we did not invite them to come, we intend to use their planned protest as an opportunity for God's glory. We want to provide a biblical perspective on homosexuality, recognize the Equality Riders' dignity as individuals, express Christlike compassion to them, and share the gospel.

As a reminder, Dr. Carl Ruby and Dr. John Gredy will be heading up our task team that will prepare our campus community for Equality Ride. Please pray for this team as well as for the Equality Riders and our University family. Pray that throughout this process we would live out our mission statement and our biblical convictions in a Christlike way.

We will let you know of more details as they come, but if you have questions in the meantime, please e-mail me.

God bless,

Bill

Dr. Bill Brown
President
