# **Tutoring Services @ The Cove offers FREE Peer Tutoring for ALL Undergraduate Courses**

Below are various levels of academic support that allow students to customize their own learning experience.

# **ACADEMIC PEER COACHES (APC)**

APCs attend classes and lead weekly review sessions & drop-in sessions, working closely with the professor. Courses commonly offered are Principles of Biology • Principles of Chemistry • General Chemistry • Anatomy & Physiology • Politics & American Culture • Principles of Earth Science.

## **TUTORING LABS**

These labs provide drop-in academic support for a variety of courses.

The lab tutors address multiple levels within these subjects:

Math • Chemistry • Biology • Business • Bible

Approximately 15 hours of tutoring sessions are scheduled weekly in The Cove Tutoring Center (BTS 214).

### **SMALL GROUP & INDIVIDUAL TUTORING**

Tutoring is offered for ALL courses on campus. If a student is taking a class that does not have an APC or lab provided for the course, the student can apply for a tutor in a small group or individual setting.

### e-TUTORING ONLINE

A statewide collaborative of Ohio universities allows students to interact with trained tutors in numerous academic areas, including Math • Calculus • Statistics for Business • Accounting • Biology • Chemistry • Anatomy & Physiology.
