## **Cedarville Covenant**

"We are a community of believers accountable to one another, called to reflect the character of Jesus Christ, and to be obedient to His Word. We will be faithful in our support for the local church and in our practice of the spiritual disciplines. We will practice biblical principles of encouragement, exhortation, and reconciliation. We commit ourselves to integrity, kindness, purity, and self-control; and to continual growth in scholarship, leadership, and service.

Therefore, as members of the Cedarville community, we regularly affirm our commitment to the Cedarville Covenant with this pledge: We will love God and others, live with integrity, and pursue excellence in all we do."

## **Student Life Guidelines**

The Cedarville University Summer Studies program is a unique experience. Summer Studies students can maximize their experience by committing to all academic, spiritual, and social opportunities that are part of the program. Therefore, in addition to being responsible for the information covered in the student handbook ([cedarville.edu/studenthandbook](http://cedarville.edu/studenthandbook)), Summer Studies students are expected to abide by the following policies:

# Commuter and Residential Students (continued)

- Students may not have cars on campus during the Summer Studies program unless commuting from home for class. Commuters must have a temporary parking pass from Campus Safety.
- Residential students may not leave campus unless with a parent or the Summer Studies program staff (except to visit Winner's Village Market, Dollar General, and Mom & Dad's Dairy Bar).
- Residential students are required to attend all the activities of the Summer Studies program, including church services selected by the program staff.
- Commuter students are required to attend all activities during class times including daily chapel. They are encouraged to participate in social activities and will be provided with cost and payment information for each activity. Commuters are welcome to join the group for Sunday church services as well.
- Residential students are not permitted to work during the Summer Studies program.

## Computers

Computer labs for student use are available in multiple locations on campus. Black and white laser printers are available in computer labs, the library, and most classrooms. Each registered student is provided with a print quota.

Additional print quota information is available at [cedarville.edu/printquota](http://cedarville.edu/printquota). The University has the technical ability and legal authority to monitor access to on-campus and off-campus websites. The University may conduct reviews of network activity at its discretion. Although Internet access is filtered, students should always exercise discretion when going online. Before using campus computers and other network resources, please read the Acceptable Use Policy for CedarNet at [cedarville.edu/acceptableuse](http://cedarville.edu/acceptableuse). Use of Cedarville University computer or network resources implies agreement to these policies.

### *Technology at the 'Ville Student Session*

Technology at the 'Ville is required for all residential and commuter students and is scheduled for 4–4:45 p.m. on check-in day. Exceptions will be made for any student who attended Summer Studies last year. This session is designed to introduce students to Cedarville-specific software and computers. You will learn helpful hints regarding email, accessing student records, computer use guidelines, and connecting your SPC (self-provided computer or mobile device) to CedarNet, our campus network. Students must have their Cedarville username and password to participate in this session. Students who cannot remember their login credentials should call Cedarville's computer help desk at 937-766-7905 during regular business hours before coming to campus for orientation.

# Commuter and Residential Students (continued)

## *Computer Login Problems*

Students experiencing difficulties with their username and/or password while attending Summer Studies should stop by Information Technology in the Tyler Digital Communication Center (TYL), Room 122, between 8 a.m. and 5 p.m., Monday through Friday or call 937-766-7905 for assistance. Information Technology is closed from 12–1 p.m. for lunch.

## *SPC (self-provided computer or mobile device) Assistance*

While computer labs are available on campus, residence hall rooms are no longer equipped with computers and printers. If you have a laptop or mobile device, you are encouraged to bring it for Summer Studies. A handout that walks you through the process of connecting your SPC to Cedarville's network is available at the Technology at the 'Ville session or in the Information Technology main office (TYL 122). Answers to common questions regarding SPCs can be found by using a University computer to access the SPC website at [cedarville.edu/spc](http://cedarville.edu/spc).
