ELITE CAMP

We are very excited to offer two different Elite Camps for athletes who want exposure at the college level. The day will provide an experience with college-level coaching and drills as well as games. There will be coaches from other colleges who will be able to evaluate and recruit players.

TEAM CAMP

We are very excited to restart our team camp for this summer. It is always a great time for us to get to know high school coaches and teams. We have some of the best facilities available with seven courts in one air conditioned location. We hope you will join us to kick off summer training with your team.
