

The Accreditation Council for Business Schools and Programs is a leading specialized accreditation association for business education supporting, celebrating, and rewarding teaching excellence. The association embraces the virtues of teaching excellence and emphasizes to students that it is essential to learn how to learn. ACBSP acknowledges the importance of scholarly research and inquiry and believes that such activities facilitate improved teaching. Institutions are strongly encouraged to pursue a reasonable mutually beneficial balance between teaching and research. And further, ACBSP encourages faculty involvement within the contemporary business world to enhance the quality of classroom instruction and to contribute to student learning.

Cedarville University Robert W. Plaster School of Business was first accredited by the ACBSP in 2005 and reaffirmed in 2015. Our programs have a number of measures to evaluate continuous improvement. These include the following:

### Performance measure

Institutional performance on the Peregrine Test in Business (an external, nationally normed measure of general business knowledge).

### Benchmarks

- The mean score for PSB seniors will be 50% or greater.
- The mean score for PSB seniors within their own discipline will be 50% or greater.

### Results

As shown in Figure 1 and Figure 2 below, Cedarville PSB students have consistently met or exceeded the above benchmarks for the Peregrine Test in Business, over the past five years. Most disciplines consistently surpass the 50% benchmark. Accounting and Economics are notably strong, with Economics reaching 80% in 2023. Overall, PSB seniors maintain commendable scores in their fields.

Figure 1 – Peregrine Scores Results

Figure 2 – Peregrine Score Results Per Discipline

### Performance measure

Senior Exit Survey administered by Skyfactor.

### Benchmark

Senior PSB students will average a score of 4 (neutral) on a satisfaction scale of 1-7, strongly disagree to strongly agree, when questioned about overall program satisfaction and overall program effectiveness.

### Results

As shown in Figure 3 below, Cedarville PSB students have consistently met or exceeded the above benchmark for the Senior Exit Survey, over the past four years.

Figure 3 - Average Senior Scores on Exit Survey

## Performance Measure

Retention rates by specialization within the PSB program, as established through internal tracking metrics.

## Benchmark

The PSB program aims for a student retention rate greater than 80% across various specializations, including Accounting, Economics, Finance, Global Business, Information Technology Management, Management, Marketing, and Sport Management.

## Results

As shown in Figure 3 below, the retention rates for the various PSB program specializations have largely been successful in meeting or exceeding the benchmark for student retention.
