## V Purpose

# **Cedarville University Vehicle Regulations (CUVR)**

## **Preface:**

Cedarville University (CU) has the right and ability to control traffic and parking on its campus and controlled properties, as granted by the Ohio Revised Code (ORC). The Cedarville University Department of Campus Safety & Security has been authorized to administer and enforce the Cedarville University Vehicle Regulations (CUVR) which governs all parking and traffic on Cedarville University campus and controlled properties.

The Cedarville University Vehicle Regulations (herein referred to as CUVR) apply to all vehicles operated on the Cedarville University (CU) campus as well as properties under its control for educational, residential or support purposes.

Any use of any vehicle as stipulated by the Ohio Revised Code (ORC), motorized or not (which includes, but is not limited to electric or gas powered scooters, bicycles, rollerblades or skates) on any university property is a privilege granted by the university and is not the right of any employee, student or visitor. It is the requirement of the university that all employees, students and visitors comply with these vehicle regulations for the sake of the safety and consideration of others. Failure to comply with the CUVR may result in the limitation or revocation of this privilege at the discretion of the university.

The following parking and driving regulations have been adopted by the university to facilitate both vehicular and pedestrian movement, maximize parking and enhance safety. All parking and driving regulations are strictly enforced.

**The Cedarville University Vehicle Regulations (CVUR) are subject to revision or change  
*without prior notice.***

# CUVR 100: STATEMENT OF GENERAL POLICIES

Sections 100 – 110

## 100: VEHICLE REGISTRATION

A Cedarville University parking permit is required for **every** vehicle, whether used by student, faculty or staff, parking on or using Cedarville University property; regardless of the residency status of the student or the status of the employee (full or part-time or contract). University-owned fleet vehicles are exempt.

Vehicle registration is only available on-line at [www.cedarville.edu/campussafety](http://www.cedarville.edu/campussafety). Faculty and staff will receive a parking permit, via mail, after completing and submitting the vehicle registration request. Merely **submitting** the request **DOES NOT** constitute registration.

Students **MUST** appear at the Campus Safety office and obtain an actual permit and affix that permit to their vehicle.

Cedarville University maintains sufficient parking for students, faculty and staff however vehicle registration **does not** guarantee a parking space. Vehicle registration and the resulting parking permit grant the user/owner the privilege of operating and parking a vehicle on the Cedarville campus and its controlled properties.

**All vehicles must be registered within 24 hours or 1 business day of being brought to campus or university property.**

### 100A: REGISTRATION FEES

All full-time students; whether freshman, resident or commuter, are required to pay a registration fee when they register their vehicle. Fees will be charged to the student's account. (**See also CUVR 700**).

Fees are charged **by the year** as follows:

☞ Resident Students:	\$100
☞ Commuter Students:	\$100
☞ Freshman Students:	\$100
☞ Graduate Students:	\$100
☞ College Now Students?	\$ 20

### 100B: Refunds for vehicle registration.

Students who complete their study, withdraw or are involved in an “off-campus” experience (*i.e.* study abroad or an out-of-town internship) for the second semester must notify Campus Safety, turn in their permit and they will be refunded 50% of the registration fee. This will be credited to their student account.

**WARNING:** There is a **\$25** fee for the replacement of a “lost” or “stolen” permit.

### **100C: LIMITATIONS ON REGISTRATION**

- ☞ No resident student, whether freshman or upper-classman may have more than one car on campus at any given time. If a student of this status needs to replace a vehicle, they may “swap” vehicles. The student must “register” the second vehicle and obtain a new permit. (There is no charge for the additional registration).
- ☞ Only one (1) student may register a vehicle at any given time. (Two students, such as siblings, cannot both register the same vehicle under each person’s name/ID).
- ☞ Vehicles cannot display two different types of permits at the same time (*i.e.* a resident permit & a commuter permit or a freshman permit & a resident permit).
- ☞ Dependents of faculty or staff may operate their parents’ registered vehicle(s), but the dependent **must** register the vehicle under their name as a student (**Refer to CUVR 300C** for clarification) and display a student permit while operating the vehicle.

### **100D: VEHICLES ON CAMPUS OR PROPERTY**

All vehicles parked on Cedarville University campus and/or or controlled properties must display a current and valid parking permit. Vehicles in violation of this (see **CUVR 300**) are subject to citation, immobilization and/or towing at the owner’s expense.

Visitors should obtain a visitor’s parking permit at the main office of Campus Safety & Security at no charge in order to avoid citations.

### **100E: TRANSFER OF PERMITS**

Students cannot take a permit off of one vehicle and place it on another. This constitutes fraudulent use and may be cited under CUVR 402.

### **101: LIABILITY**

Cedarville University accepts no legal responsibility nor assumes any liability for the safety/security of vehicles on its campus or controlled properties due to theft, loss of property, vandalism, accident or other damage while the vehicle is on said campus or properties.

Campus Safety & Security strongly recommends and encourages the removal of all items of value from the vehicle in order to prevent theft and/or loss of property.

### **101A: OPERATING AGREEMENT**

Anyone operating and/or parking a vehicle on Cedarville University campus or controlled properties agrees to:

- ☞ Read and abide by Cedarville University Vehicle Regulations (CUVR).
- ☞ Possess a current and valid driver’s license from their respective state.
- ☞ Maintain current license, registration and applicable insurance for the registered vehicle as mandated by the state of permanent residence.
- ☞ Take responsibility for and pay all fines and fees resulting from the use of their vehicle, regardless of who was operating the vehicle at the time of any infraction.
- ☞ Protect and hold harmless the university, its students, officers and employees from all claims of injury or damages by reason of the operation of this or any other vehicle on the university campus or controlled properties.

### **101B: 72 HOUR RULE (OWNER RESPONSIBILITY)**

All owners/operators of vehicles registered on Cedarville University campus are responsible to check their vehicles on a regular basis, for reasons of safety and security as well as the possibility of the need for maintenance or possible parking violations. Campus Safety & Security recommends and encourages checking vehicles at least once during a 72 hour time period.

## **102: OHIO REVISED CODE**

All provisions of the Ohio Revised Code (ORC) as it applies to the operation of vehicles are applicable on the campus of Cedarville University and its controlled properties. This may include bicycles and skateboards as defined in ORC 4501.01. Under this provision, violations of the ORC not listed herein may be cited except as the regulation may be modified by the CUVR. Tickets may be issued by Campus Safety & Security officers for ORC violations\* and may be cited as CUVR 102 with an accompanying explanation of the violation. Cedarville Police Department may cite for violations of the ORC, whether the offense occurs on or off the campus or controlled properties.

**\*See CUVR 600 for enforceable ORC codes.**

## **103: EXEMPT VEHICLES**

Campus Safety & Security, emergency services and physical plant service vehicles are exempt from time and lane or space restrictions (other than Handicap spaces), and subject to safety precautions with limited time restrictions while in the performance of their duties.

In incidents of medical, police and/or fire emergencies, if no other spaces are readily available, the use of available handicap spaces by emergency vehicles is permitted.

## **104: PARKING SPACES**

All vehicles must be parked within a painted, marked parking space unless specifically directed to do otherwise by a Campus Safety Officer or a local Police Officer. Vehicles parked outside of a space, or occupying multiple spaces, including the obstruction of any additional space, will be cited in violation of **CUVR 505**.

## **105: MOTORCYCLES**

All motorcycles **MUST** be registered with Campus Safety & Security. The fee for motorcycles is the same as a car (**Refer to CUVR 100A** for registration fees). Motorcycles may park in the “hashed-out” areas at the end of a parking row or in any space specifically designated for motorcycle parking.

Motorcycles may **NOT** park in the “hashed-out” areas directly adjacent to or associated with a handicap parking space. Motorcycles may **NOT** park in or directly adjacent to any residence, sidewalk, entry or stairwell. (**Refer to CUVR 505C**).

## **106: TRAFFIC & PARKING SIGNS**

Traffic and parking signs are posted in order to communicate specific regulations that apply to specific areas or spaces. There is an implicit expectation that motorist will in fact read and follow these signs as they apply to any given area or space. This may include but may not be limited to posted signs or signs painted directly on the pavement. “Failure to see” or “failure to read” posted signs is no longer a basis for an appeal of an issued citation.

## **107: EXCEPTIONS NOTIFICATION**

Any individual who needs an exception to any regulation in the CUVR must do so, either in person or in writing via e-mail, or by phone. Such contact is to be done **PRIOR** to the need for said exception. Cedarville University is not liable or responsible for any towing charges or any damages that may result from a vehicle being towed from its campus or controlled properties. # CUVR 1000: SPECIAL SITUATIONS & CONSIDERATIONS

Sections 1000 – 1002

## 1000: CAMPUS CONSIDERATIONS

The following sections apply to all vehicles operated, driven and/or parked on Cedarville University campus and/or controlled properties.

### 1000A: CHAPEL & PRESENTATIONS

Cedarville University is a “**WALKING CAMPUS**”. Resident students are not to drive on/around campus prior to 5:00 pm Monday through Friday. The Department of Campus Safety & Security recognizes that extenuating circumstances do arise on occasion. Permission to drive and/or park for such an event or activity, including but not limited to performing in chapel, setting up a display or presentation or being a member of a “crew” preparing for an event **MUST** be obtained **PRIOR** to the need for the exception.

### 1000B: MEDICAL EXCEPTIONS/PERMITS

Individuals who need a temporary exception due to a medical situation may obtain one at the Campus Safety & Security office. Applicants should submit an application for the permit along with a physician’s request or note. University Medical Services or Athletic Training will suffice and are acceptable as a physician’s request.

Medical exceptions are valid for **30 days** and are renewable upon the physician’s request. Failure to renew the exception permit will result in a citation being issued (**Refer to CUVR 302B**).

Medical exception permits are to be obtained **PRIOR** to utilizing the privilege afforded by the permit, except in cases of extreme emergency (proof may be requested).

Medical exception permits **DO NOT** qualify the individual to park in faculty/staff or specifically reserved parking spaces.

Individuals found in violation of the provisions of a medical exception permit, or who abuse the privilege may forfeit their rights to the permit and it will be revoked immediately.

The applicant’s signature on the permit indicates that they have read and understand the provisions and restrictions of the permit.

### 1000C: VEHICLE MAINTENANCE/REPAIRS

No vehicle repairs or maintenance may be conducted on Cedarville University campus or properties without the **prior written consent** of the Director of Campus Safety & Security. Said permission must be obtained **PRIOR** to the beginning of any work on a vehicle. Maintenance/repairs may include but are not limited to changing oil or fluids, mechanical work such as brake jobs or engine repair, patching or painting a vehicle. Changing a flat tire is not considered under this section.

Individuals who “take vehicles off-campus” in order to affect repairs on behalf of the vehicle owner, whether taking the car outright or leaving another registered vehicle in its place, must contact the Department of Campus Safety & Security prior to doing so.

### 1000D: ORDERLY VEHICLE APPEARANCE

All vehicles must be kept in working order and maintain an orderly appearance at all times. This includes but is not limited to being free of excessive amounts of dirt, mud, grass or debris; flat tires or broken windows. Vehicles that are seriously damaged and appear to be disabled and/or abandoned will be marked and an attempt will be made to contact the owner to address the issue. If the issue has not been corrected within 10 days of being marked. The vehicle will be towed from the property at the owner’s expense.

### **1000E: DISABLED VEHICLES**

In the event that a vehicle becomes disabled, whether due to accident or mechanical failure including “unknown causes”, and does not fall under the guidelines of **CUVR 107**, the registrant of the vehicle **MUST** contact the Department of Campus Safety & Security to provide notice of this fact. Notice **MUST** be provided within 24 hours of the vehicle becoming disabled and the registrant should make arrangements for resolution of the situation. Contact can be in person at either the office or by contacting the officer(s) on duty.

### **1000F: SNOW REMOVAL**

In the event of snow that requires plowing, the following policy will apply:

- Announcements requesting student to empty selected lots that need to be plowed will be made through appropriate means, including but not limited to the campus e-mail system.
- Physical plant or other authorized groups will plow the lots when empty.
- Vehicles must be returned to their original and appropriate lot **NO LATER** than curfew on the same day the lot is plowed.

### **1001: SUMMER VEHICLE “STORAGE”**

Due to annual construction, paving, maintenance and/or painting in parking lots on the CU campus; students, faculty and staff are not to leave their vehicle(s) on CU campus or properties without **PRIOR CONSENT**. Failure to obtain prior consent will be viewed under **CUVR 1002** and the vehicle will be subject to towing at the owner’s expense.

No student, faculty, staff or visitor may store or abandon a vehicle on the CU campus or properties. Vehicles identified under the above listed definitions will be classified as unattended, stored or abandoned.

The Department of Campus Safety & Security will attempt to identify the owners of such vehicles and in accordance with ORC 4513.64, attempt to contact the owner and determine the disposition of the vehicle.

Vehicles that are not removed within 10 days of being marked will be towed from the campus or property at the owner’s expense per ORC 4513.64. Vehicles whose owners cannot be identified will be towed from the campus or property with no further notice.
