The participation rate for the term for the lecture questions was 55.2%.

Note: These instructor and course lecture questions were used to rate the majority of the courses for the term. Some course delivery types (online, out of class, field experience, internship) use different survey questions and are not represented here

The difference in the number of responses for each question occurs because students may not answer all questions and some departments/schools who use the instructor questions may use different course questions that more specifically meet their needs

Also, some courses have multiple instructors, which may increase responses to instructor questions. Includes undergraduate and graduate courses

GMED = Group Median Score (based on a 5-point scale).
