This accelerated pathway assumes prior completion of undergraduate proficiency requirements.

Applicable course to meet up to 30 hours of undergraduate prerequisite work for the Adv. M.Div. program

\*Satisfies part of the undergraduate Bible minor

\*\*Prerequisites for BTBL-3510 Intermediate Greek and satisfies undergraduate elective credits. Successful completion of these courses does not satisfy prerequisite requirements for the Adv. M. Div. program.

\*\*\*Successful completion satisfies the New Testament Greek language prerequisite for the Advanced M.Div. program.

†Recommended course(s)

‡Upon achieving undergraduate senior status and appropriate approvals, students may complete two to three graduate courses during their undergraduate program to satisfy requirements for the Adv. M.Div. program. These graduate courses may satisfy requirements for undergraduate elective courses and/or Adv. M. Div. prerequisite courses.

**Overview:** The 61 hours Adv. M.Div. assumes prior completion of 30 hours of undergraduate prerequisites for the program.

The pathway courses indicated above provide a student with 30 hours of undergraduate credit recognized by the Adv. M.Div. program.

In addition, a student may select 6 hours of graduate credit (potentially resulting in 55 hours of remaining graduate course work).

Students who are not accepted into the Adv. M.Div. program or who decide not to complete the graduate program should switch to the regular Biology major to complete their undergraduate degree.
