This 5-year accelerated pathway assumes prior completion of undergraduate proficiency requirements.

Students pursuing this suggested pathway will complete their B.S. degree with 131 semester credits, instead of the typical 128 semester credits. With careful planning, all B.S. degree requirements and satisfaction of M.B.A. prerequisite courses can be completed without exceeding block-tuition.

*GMTH-2110 (or another approved statistics course) satisfies the M.B.A. business statistics prerequisite.

**ECON-2110 satisfies the social science elective for the B.S. general education requirements and satisfies the M.B.A. microeconomics prerequisite.

***Contact the M.B.A. graduate advisor during your B.S. studies to identify the M.B.A. core or elective course that will satisfy the M.B.A. generalist/concentration pathway you plan to complete.

†The M.B.A. course you select depends on the M.B.A. generalist/concentration pathway you plan to complete.
