Waitlisting is available...

... if a class for which you wish to register is closed, the online registration process allows you to request to be placed on a waitlist for the course.

... students whose names are included on the waitlist will be given priority to register for the class if a space becomes available at a later time.

... adding your name to a waitlist does not guarantee that you will get the course. It is advisable to register for an alternative course while you wait to see if a space becomes available.

... the Office of the Registrar will contact waitlisted students if space becomes available in a course and assist them in adding the course to their schedules.

On-line registration will close at 8:00 a.m. on Monday, November 1 so freshman schedules can be prepared.

On-line registration will re-open on Tuesday, November 9.

No registration changes will be processed while the freshman scheduling process is being completed.
