American Heritage Girls

Miamisburg, OH

Mary Beth Ernst – Administrative Manager

www.americanheritagegirls.org

American Heritage Girls (AHG) is the premier national character development organization for girls ages 5 to 18 that embraces Christian values and encourages family involvement.

American Heritage Girls is hiring full-time Team Members to become part of the Member Services Department as a Troop Coach. Join the AHG Team to help develop new Troops and coach Volunteers to become better leaders within their Troops. These available opportunities provide direct-service coaching and support to Volunteers within an assigned Zone (territory) through phone calls, email, and prayer. For more information about working for AHG, please go to our website at americanheritagegirls.org/about/work-ahg/ and see why working at AHG is more than a job, it is an opportunity to build women of integrity through service to God, family, community and country.

<http://www.augustineconsulting.com>

Service Desk Technician (FT):

General Summary: Responsible for handling first level support of service requests. This relates to all technology, to include: workstations, servers, printers, networks, and vendor specific hardware and software.

Essential Duties/Responsibilities:

- IT Support relating to technical issues involving Microsoft's core business applications and operating systems
- Support of disaster recovery solutions
- Basic technical support at the network level: WAN and LAN connectivity, routers, firewalls, and security
- Basic remote access solution implementation and support: VPN, Terminal Services, and Citrix
- Monitor the remote monitoring and management system alerts and notifications, and respond accordingly through service tickets
- System documentation maintenance
- Communication with customers as required: keeping them informed of incident progress, notifying them of impending changes or agreed outages.
- Purchasing Clerk (FT):
- General Summary: Responsible for accepting and editing procurement requests from various departments, corresponding with suppliers, preparing purchase orders, and managing product lists.

Essential Duties/Responsibilities:

- Prepare purchase orders for products
- Light inside sales
- Administer the purchasing system
- Utilize purchasing system for procurement of products
- Work with resellers to maintain viable relationships
- Perform RMA processes to return defective equipment and procure replacement products from manufacturers and vendors
- Maintain product listing, with price and cost information
- Escalate manufacturer and vendor grievances
- Maintain manufacturer/vendor relationships and contracts
- Work with accounting to ensure accurate and timely payment of invoices
- Provide detailed product information to the sales team when preparing quotes

Baton Exchange

Columbus, OH

John Scroggins— Executive Director

john@thebatonexchange.com

Start strong! Build job skills, pay forward and grow deeper in your faith in our post-college gap year Leader Incubator experience.

- -build job skills in a placement working/serving at any one of a number of nonprofits or social enterprises in Columbus, OH
- -use your college training and any past work experiences to help nonprofits and social enterprises build their capacity and impact
- -receive practical leadership training, professional skills development, life coaching, spiritual formation, training on impacting a city for Christ and equipping in integrating your faith and work
- -occupational/spiritual mentor provided
- -live in intentional community with other committed emerging young leaders
- -one year leadership certificate
- -network with local, national and international leaders and alumni
- -living expenses covered and stipend provided
- -job placement help upon completion

Take advantage of the moment- once you start your career, the likelihood that you will have time to focus on intensive career, spiritual and leadership integration development greatly decreases. The sacrifice of this one year of polishing before starting your forty year career journey will more than be gained back from how much you grow and the success you position yourself for after the year is completed.

New Bremen, OH

Kathy Davis— Student/Co-op HR Representative

kathleen.davis@crown.com

We are targeting majors in Sales, Marketing, Computer Science, Engineering, Education, Human Resources, Accounting, and Finance.

Cru

Marysville, OH

Mike Slagle— Partnership Director

mike.slagle@cru.org

1-2 year campus ministry interns. Interns could serve locally with Central Ohio Cru on small, private campuses around Columbus, OH. The Campus Ministry of Cru is a network of vibrant, growing movements on more than 1,100 campuses in the United States and beyond. The mission of winning, building, and sending has been passed down by generations of college students, leading Cru to be a place where students are believing God for great things. College students are taking steps of faith to reach more college students to fulfill the Great Commission. Right now on campuses students are ready to respond to the gospel. Yet, more laborers are needed. God is calling students to follow Him and be pioneers in college ministries in the United States. That's why Cru has developed this unique avenue of ministry. You could be a Campus Ministry Intern – a one-year commitment to believe God to do something powerful in and through your life.

1-2 year international interns. Will you be part of continuing to take the gospel to every campus, every nation? Right now, on campuses around the globe, lost students are ready to take the next step toward a relationship with God. They are simply waiting for someone to show them how. Is God calling you to go? Will you be the one to show them? Perhaps you're not sure what you'll do with the rest of your life, but why not give a year to reaching students, discipling leaders and establishing new student ministries? In just a year, you and your team could pioneer new spiritual movements on a campus overseas that will reach dozens, hundreds or maybe even thousands with the gospel.

Full-time positions are available both in the US as well as many overseas locations.

Technical skills are also needed on our local campus teams as well as at our regional and national offices.

Cummins

Seymour, IN

Todd Bouws— Engineer

todd.bouws@cummins.com

The duration of the training program is driven by your sales performance and achievement of goals. You will receive classroom and on-the-job training in our Rental Operations in the following areas:

- Sales
- Customer Service
- Marketing
- Finance
- Conflict Management
- Leadership
- Training

Experience Mission

Fort Wayne, IN

Amy Yoder

amy@experiencemission.org

The EM Cross-Cultural internship is a hands-on experience traveling and working throughout the summer months in one of our partner communities in the U.S. or across the globe. EM Interns join a team of 2-3 other young adults who work together to provide leadership and logistical support in the field for short-term mission teams. You will take the lead in coordinating critical details for the teams such as work projects, housing, food, water, and transportation.

Additionally, this paid missions internship allows you to embark on a journey through a full cross-cultural experience as you invest in relationships with the local people. Whether you're leading mission teams in building schools, conducting home repairs, feeding the homeless, or running children's programs, you will be a vital part of bringing hope to the lives of many while encouraging mutual influence and sustainable change in underprivileged communities around the world.

EM also offers IMMERSION opportunities for young adults who want to serve internationally for 1, 3 or 6 months! Locations include Africa, Latin America, the Middle East, SE Asia & the Caribbean. IMMERSION is a volunteer position that requires support raising, but gives students the opportunity to fully experience a new culture through everyday life and local ministries. It's a highly relational approach to missions that demands you leave behind everything familiar!

Northrop Grumman/Xetron *Cincinnati, OH*

Bob Porter— Software Engineering Manager

Bob.Porter@NGC.com

Northrop Grumman/Xetron in Cincinnati is seeking creative, talented, and energetic individuals to fill our Entry-Level Software Engineering (Band 1) positions. These technical positions require candidates with software engineering expertise, creativity, and teamwork skills to work in small, focused teams to develop some of the most advanced technical solutions in the industry.

As a Software Engineer at Xetron, you will be exposed to a variety of programs and technologies, with opportunities to provide advanced technical solutions for Intelligence, Surveillance, and Reconnaissance-related national security projects. Your assignments can range from embedded systems development to work on some of the most advanced cyber security systems in the world.

As a software engineer with us, you will:

- Talk with customers to help develop the early system concept;
- Conduct independent research and development and submit intellectual property submissions;
- Work from well-established system specifications to develop an advanced, efficient system or subsystem design;

- Develop advanced C++ and Python software for research, prototype, and deliverable communications systems on Windows, Linux, and/or embedded platforms;
- Benefit from our liberal technical training program.

For this position, a bachelor's degree in Computer Engineering, Software Engineering, or Electrical Engineering (or a related field) is desired.

Experience with one or more of the following is also beneficial:

- network security
- reverse engineering
- embedded software development
- kernel mode development
- Web applications
- GUI development
- command and control applications
- analysis tools (such as Wireshark, IDAPro, OllyDebug, WinDBG, or other low-level system analysis software/hardware)
- developing software for multiple operating system environments
- RF collection systems or sensor systems

The ability to obtain and hold a Top Secret security clearance is required.

Northwestern Mutual

Cincinnati, OH

Kelly Baumer— Director of Intern Operations

kelly.baumer@nm.com

The Northwestern Mutual internship allows you to truly test-drive the financial representative career. Interns ask clients and prospects lots of questions to understand their financial goals. They come up with creative financial solutions. They're in business for themselves, but they're never alone. They have support from their team and the company. If you want compensation, flexibility and the opportunity to truly make an impact, all at a company with exceptional financial strength, then stop right there. You've found your internship.

State Farm Insurance and Financial Services

Xenia, OH

Rick Kolmin "Jake from State Farm"— Agent

rick.kolmin.gcks@statefarm.com

Six Week Internships help students better understand insurance while helping the agency data mine prospects. Fall, Winter, and Spring Internships available. Each week the student learns about a different insurance (Auto, Home/Renters, Life, Health Banking) and the last week you train your replacement.) All majors can benefit by better understanding insurance.

A little known fact is that 13% of a person's budget is spent on insurance. Everyone should know what they are buying.

The Daughter Project

Perrysburg, OH

Clay Symington – Awareness Committee Liaison

<http://thedaughterproject.org/>

House Mom - Loving and caring for adolescent girls rescued from sex traffickers. Full-time live-in or shift work (daytime, afternoon and night) as well as part-time positions available.

Qualifications: You must be a single, Christian woman at least 21 years of age and an active member of a Christian church or community of followers of Jesus Christ. Your selection as a House Mom will be based upon your maturity as a godly woman more than any other single criteria. Of course, God is the only one who can see someone's heart but our extensive application reflects our desire to determine if your maturity and heart attitude give you the potential to be a House Mom for His daughters

We're looking for social work, counseling, ministry, and health care professions.

The Ohio State University College of Social Work

Columbus, OH

Bryanna Stigger— MSW Outreach Programs Coordinator

stigger.8@osu.edu

Ranked 9th among public universities by U.S. News & World Report, the MSW Program at The Ohio State University is designed to prepare future social work leaders to address regional, national, and global social issues. The curriculum ensures that graduates have the competencies and skills needed to successfully practice in a variety of fields such as health, aging, mental health, substance abuse, and child and youth services, with the ability to

intervene through direct services, administrative practice, community change, or policy reform.

The Sherwin Williams Company

Indianapolis, IN

Courtney Yourchisin— Area Recruiter

courtney.a.yourchisin@sherwin.com

Management/Sales Trainee Program

The Management/Sales Training Program includes self-study modules, structured on-the-job training, classroom instruction at our regional training facilities, as well as ongoing education throughout your career. Your training will encompass all aspects of store management, including paint and associated products, customer service, professional sales and marketing, credit and accounts receivable management, human resources management, profit and loss and merchandising management.

After you complete the training program, you'll be able to progress into paint store management positions. Our Assistant Store Managers and Store Managers oversee a million-dollar business, providing leadership and insight into the development and strategy of their store.

Management/Sales Intern Program

This PAID internship for college students offers hands-on experience in a wholesale/retail work environment and can lead to career opportunities in management and/or professional outside sales upon graduation. You will have the opportunity to learn basic store operations, gain management skills, and develop sales techniques and customer service skills, as well as

increase knowledge in a variety of key business topics such as profit and loss, inventory control, and human resources. Interns will also be exposed to Sherwin-Williams professionals in a variety of functional areas. You'll gain insight on a career in outside sales by traveling with a Sales Representative and spending structured time with your District Management team.

US Army

Xenia, OH

Eric Grant - Recruiter

eric.grant1.mil@mail.mil

The US Army is looking for qualified personal to fill enlisted, Commissioned and Warrant Officer positions for both active duty and on the reserves component.

For Enlisted:

- You must be a U.S. citizen
- You must be 17-35 years old
- You must be in good physical condition
- You must have a clean legal record
- You must have a high school diploma or GED

For Commissioned Officer:

- A U.S. citizen
- A college graduate with at least a four-year degree
- Between 19 and 32 years old (you must enter active duty or ship to training by your 33rd birthday and accept commission prior to age 34)
- Eligible for a secret security clearance

Warrant Officer:

- Have a high school diploma.
- Be at least 18 years old at the time of enlistment and not have passed their 33rd birthday at the time of selection (for aviators) or their 46th birthday for all other specialties. Age waivers are considered on a case-by-case basis.
- Be a citizen of the United States.
- For WOFT Candidates only: Achieve a qualifying score on the Selection Instrument for Flight Training (SIFT). SIFT test results are valid indefinitely, as long as verifiable official records exist. No waivers are available for failure to meet the minimum SIFT score.
- Earn a General Technical score of 110 or higher on the Armed Forces Vocational Aptitude Battery (ASVAB).

- Meet the Army's screening height and weight standards and pass the standard three-event Army Physical Fitness Test (APFT) not more than six months before their application packet is boarded.
- Take a physical exam and meet entry medical fitness standards as determined by military medical authorities no more than 24 months prior to the date of application. Aviation applicants must also undergo a Class 1A Flight Physical Examination and have results approved by Flight Surgeons at Fort Rucker, Alabama, prior to the selection board. The Flight Physical must be less than 18 months old.

US Navy

Cincinnati, OH

Christina Jacobs— AE2

CHRISTINA.JACOBS@NAVY.MIL

Unparalleled career opportunities, experiences and challenges draw some of the brightest and most talented people into the Navy—while others realize potential they may not have even known they had.

As a naval officer, you will be challenged to take on a leadership role while operating within unrivaled career fields, doing more in a few short years than most people do in a lifetime. The officer programs range from nuclear submarine officer to naval aviator to medical professional.
