Glory

Darris Sneed

Glory to the one true living God
Hallelujah to the great and loving King

No one can take Your place
Glory to the King

Children of the Lord come on and bless His Name
We'll dance and sing, Hallelujah we'll proclaim
Children of the Lord come on and bless His Name
You are king and forever You will reign

He's alive, redeeming and restoring
What joy He brings, what joy He brings

To the one true living God I sing
The holy sovereign matchless King
You're the lover of my soul
You gave your life to make us whole

The Prince of peace, relentless friend
You shed your blood for my sin
Selflessly You gave Your all
Faithful even when I fall

The faithful, true and holy one
The matchless king and the Son of God
I lift my voice because I'm free
Hallelujah I'm free indeed

The great Yahweh who took my sin
Expressed Your love again and again
I give my praise, I give my all
Glory to the King!
