PHAR-7353	Leadership and Business Module (P3 year)			<input type="checkbox"/> Substitutes as an MBA elective course
MBA Elective	See catalog or talk to advisor to choose a 3 hour elective			<input type="checkbox"/>

**Business prerequisites may be satisfied by successful completion of undergraduate coursework or the equivalent. Business prerequisites may be completed in a time convenient for students. All business prerequisites do not have to be completed before a student begins MBA courses. However, the appropriate business prerequisite courses must be successfully completed before the start of the associated MBA course. Review the [“prerequisites” section](#) of the Graduate Catalog.

+MBA prerequisite courses must be successfully completed before the start of the associated MBA course.

PharmD/MBA Dual Degree Program Suggested Sequence of Courses: 2023-2024

Year	Semester	7-week Session*	Course No.	Course Title
